I am sorry to hear of your mother's sudden passing. I got to renew acquaintances with her lately when my parents, Joe and Betty, lived in Waterside for 2 weeks. She was one of their dining "buddies" and she remembered who I was after many years! I enjoyed having her as a 4-H leader and she was a very patient and soft-spoken lady. My mom was also a WI member along with Leda in Crossland WI. Because of their example, I too became a WI member in Bruce County where I live now. Leda will be missed by many but she left her mark on all of us to follow her example of living life to its fullest. My deepest sympathy to her family.
