Dear girls, I think of you often and wonder how you are doing. I wish you well and I wish you many moments of happiness and times that would make your mother proud of you. This message is late in some ways but in other ways it is not. It's never to late to tell someone you love them, care for them and want good things for them. Jaylene I knew you best as you were closer to my sons ages and you were in school when I was the secretary. But I do remember all of you from the years of being on the school bus and I send you my sincerest sympathies - to all of you and many many hugs. Sincerely, Mrs. Baird

To Jackie's family I'm so sorry this message is late coming but I hope it reaches you. I knew Jackie when she was skinny Jackie Milligan, we started out in kindergarten together and stayed friends all through public school, while we rode the same school bus for 9 years. In high school we hit the beach, got in trouble together and had parties at the house on Klondike Park Road...great parties. Jackie had the biggest and most forgiving heart, even though we lost touch the great memories live on with me as I'm sure her love lives on with you. She was always a beautiful soul, I was proud to be her friend, as I am sure you're proud to reflect on the time she was with you. All the best...
