

PHYLLIS RUBY ROBSON

Susan and David so sorry for your loss. Bob and I wanted to visit ant Phyllis for over a year now. We tried everything to get ahold of you for a time we could drive up and visit. I had your phone number but lost it. The only person that had any access to you was Betty Hie and for some reason she would not give us any information to see u and your mom. Your mom was my last Aunt and Bob and I really wanted to visit I'm kinda sad the fact u already had her service without knowing about it. I found out yesterday in the Ptbo. Examiner. So sorry for your loss. Love Steve Beth and family. Please email me or phone 705 743 5925.
