Just received this sad news now about Noel's passing. I can't recall ever having a short conversation with Noel. Every chat was always an enjoyable long one with plenty of good points and advice. My wife still remembers her first time meeting Noel and how impressed he was that she knew how to drive a 5 speed manual transmission. . My condolences to Jeff and Paul and the Turner Family.

Just heard Noel passed away, Russ & I are so very sorry to hear this news. I have fond memories of the Barrel Works days in Balm Beach, where Noel & Jeff would always be there enjoying listening to the bands perform. They were good times... Noel, you will be greatly missed. Rest in Peace. Our deepest sympathy to the whole family
