Our familys deepest and most sincère condoléances to Peters neices, his extended family and all those whose lives he touched and blessed. My familys connection to the Archers started when my mother Irène Smith (née Stevens) went to Nurse training with Peters mother Ione and they were lifelong friends. I remember childhood summer visits to their house and cottage on the Beach. As an adult it was always a special time when Peter would come to Ottawa to visit or to join us at one of our family reunions. Peters love of family, extended family and friends is one of his amazing legacys Another is his amazing love and devotion to his "babies" as he liked to call his Field Spaniels. His larger than life personality and enthusiasm made him a joy to spend time with. Godspeed my friend, you will truly be missed but not forgotten. Don and Andrée Smith

April 13, 2025

Our most sincere condolences to Peter's family & friends. Mrs. Archer & Peter were neighbours of our family for over 40 years . I remember when he adopted Ebby, the matriarch of his fur family, & he brought he over to introduce her to my parents & I. Over the years, any time I visited, I was welcomed into the yard to meet Ebby's offspring, discuss the lineage, play with the new puppies & have a nice visit with Peter. His stories, booming laugh & big personality will be missed at the picnic table this summer. He will be remembered & missed by many, myself included. Our thoughts & prayers are with you during this difficult time. Jennifer Kirley-Baxter & Peter Baxter

Peter will be missed, loved being with him always when I was younger and my mom would bring us to elmvale to see grandpa or aunt Iona. I use to have so much fun playing with his nieces. Such a genuine, kind sweet gentleman the gates have now welcomed home!
Condolences to all of the family xo

April 15, 2025

My favourite architect. We worked together on the Elmvale Library, and shared a January birthday. I will miss him greatly!

Lynn

Peter Archer was my wonderful friend for over 42 years. He was the brother I never had. He was always Petey to me. A good and caring man. And we laughed a lot! A man who always did his best. He was a talented architect who took pride in his firm and the work he did there, always labouring over a new set of drawings. He leaves behind a legacy of wonderful buildings, from libraries to government edifices, but he also leaves a lineage of gorgeous field spaniels, both here and afar, that blended into families and brought smiles to faces of young and old. He thought nothing of baking a black forest cake at 10 pm and digging into it before bedtime. He was an amazing cook. He loved adventures. You could hear his booming voice and his laughter from miles away. He made everyone feel welcomed and relaxed in his company. He loved his family; his town of Elmvale and his nieces, Dee and Adrian. When they were younger, he took great delight in introducing them to fine dining in the city- sushi, white tablecloth restaurants and lovely Holt Renfrew clothing! He defined the meaning of a special uncle, while he spoiled them rotten. Petey will be missed. My world became smaller this week with his departure. Rest in peace, my friend. I won't say goodbye, I'll say see you later. May your memory be a blessing to all those lives you touched. You made a difference to many.

April 23, 2025

Our deepest condolences go to Natalie & Adrienne & families. We are so sorry to hear about Peter's passing. We only found out today and wish we would have known sooner of his illness. We also have wonderful memories of our time over many years working with Peter at the office and the gatherings we shared.
