Uncle Ken was an amazing man. He left this world with many great memories and lessons to everyone that he cared about. He would always talk to my kids about sports and life in general. He would always tell Andrew to stop growing so tall †. We will miss his love and laughter. Until we meet again Uncle Kenny, rest in paradise ☐ ☐

My condolences to Kenneth's friends and family. i had the great privilege to work for Kenneth. He always greeted me with a smile and questions. We would share stories about what has happened or was happening in our lives at the time. The funniest moment with Kenneth, was when he tried to give me \$50 tip and I told him I couldn't take it. He got on the phone with my supervisor and started yelling that if he wanted to tip me he was going to do so .By the end of the call we had both been laughing out loud as he rolled his eyes towards the phone. He was a fantastic man and I will miss him dearly. Rest peacefully Kenneth.

R.I.P. uncle Kenny! We will all miss your jokes and sarcasm, but know that you're happy to reunite with aunt Carrie, as well as the Orr Lake gang up in heaven.
